Dear Joe:

I just want to say a few words to thank you for joining us on our most recent trip to Honduras. Marcia and I, as well as all those connected with Washington Overseas Mission; truly appreciate your continued support for the poor people of this country. Your professionalism, compassion and work ethic make it very enjoyable to work with you. Your evening entertainment and your leadership in organizing the bodega were also great! Hopefully this reorganization will lead to more efficient trips in the future.

Whenever a trip like this becomes available, I want you on my team.

Wishing you the best.

Sincerely,

A handwritten signature in cursive script that reads "Gerry".
